

Dear Commissioner Jane E. Henney,

8631 '99 JUL 13 A7:31

I urge you to save lives by banning the use of medically useful antibiotics in animal feed.

Adding antibiotics to feed in order to promote growth can make bacteria resistant to those antibiotics. And that can leave physicians with no way to treat life-threatening bacterial infections in humans.

I totally support the petition filed by CSPI.

Sincerely,

*Sincerely,
Marcia Keener
